Standard Guarantee of American Shorthorn Ass'n.

1. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.
2. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder, notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.
3. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.
4. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction to all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.
5. All animals catalogued have been tested for T.B. and are clean, and have also passed a test for Brucellosis thirty days prior to the sale, or are accompanied by a Bangs Vaccination Certificate. Announcements will be made covering animals not clear from vaccination.
6. Certificates of registry and transfer will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females, showing names and record numbers of sire and dam, as well as service date.
7. Shipment will be made as soon as possible after the close of the sale, but at purchaser's risk of loss or injury after animal is bid off. Where cattle are sold at private treaty the above terms should apply as well as for sale at auction.

All prospective buyers should check health requirements of their states.

As a safeguard to prospective buyers, every animal has successfully passed a clean abortion blood test within 30 days prior to the sale, or will have Certificates of Bangs Calfhood Vaccination, and those that are not from Accredited herds have passed a clean Tuberculin test within the same period. Health certificates will be provided with each lot sold.

ED CONGRESS

by JAMES W. BROWITT, Secretary, American Polled Shorthorn Society

At this 20th Polled Congress, we pay tribute to the foresighted breeders who inaugurated this outstanding event. That first Congress in Des Moines, Iowa, attracted 170 enthusiasts who gathered at the Kirkwood Hotel on the evening of March 20th. At that meeting and banquet, Charle Nickel introduced the toastmaster for the evening, Howard Gramlich. Speakers included George E. Smith, President of the Polled Society; Dean H. H. Kildee of Iowa State; Charles J. Lynn, F. W. Harding, Clem Larson and Hal Longley of the Shorthorn World.

Judge H. F. Brannan of Bellevidere, Texas, selected Cumberland Fascinator (a son of Collynie Fascination) as his Grand Champion Bull. He was owned by Albert Hultine and Sons with C. B. Teegarden receiving the Champion Female nod on Mayflower Maid 4th. This red heifer sold carrying the service of Oakwood Commander, her price \$1,000. going to Lynnwood Farm.

Seventy-four animals found their way into that first Congress. They sold for a total of \$16,720. for an average of \$226. Top selling bull was Mardales Crown, exhibited by Fred Blomstrom and Son. W. H. McDonnell of Millbrook, Illinois, claimed him at \$1,000., with Bert Hanson as the contending bidder.

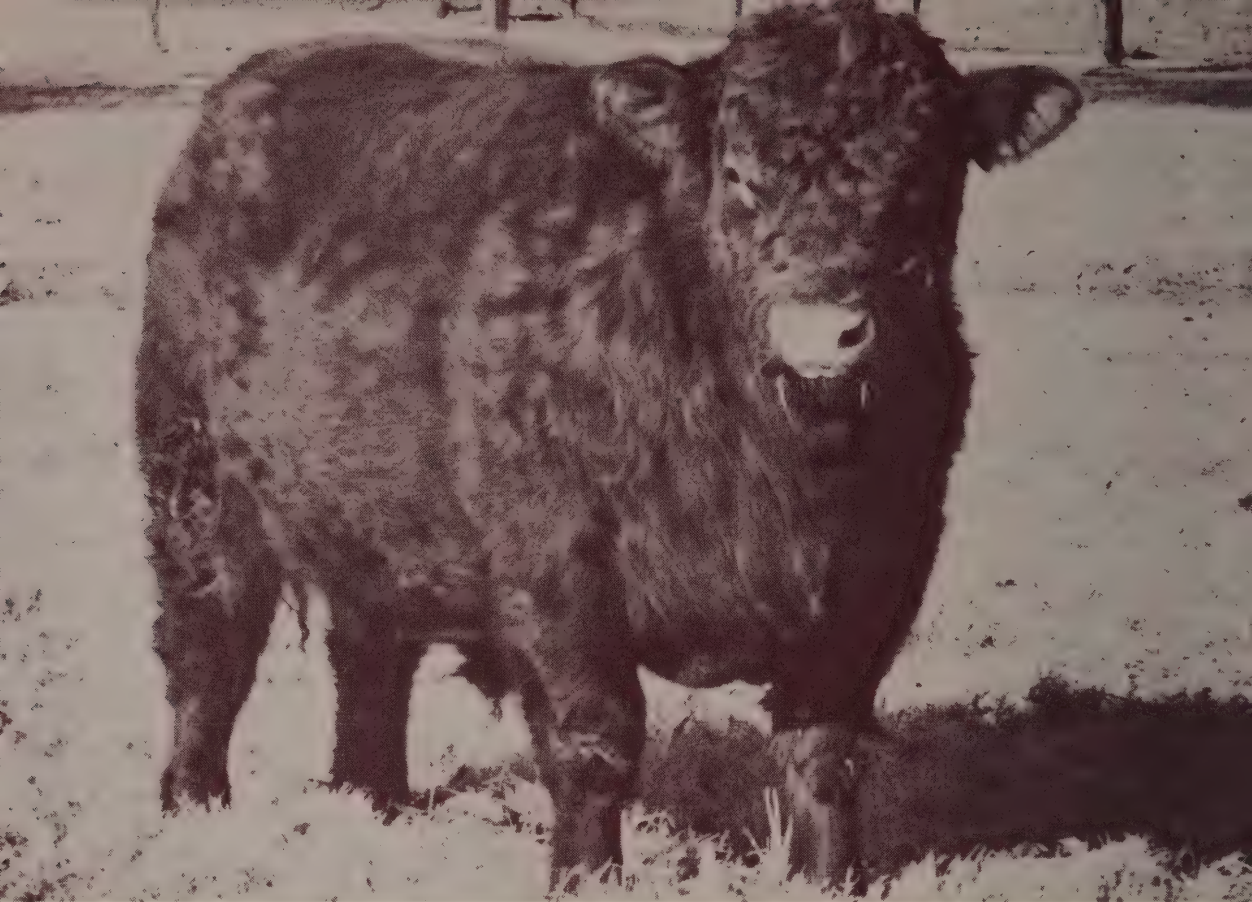

Ivan Nelson of Boone, Iowa, won the judging contest at that first Congress with a total of 182 points with Mickey Boyle placing second with 170 points. Sixty-five contestants were in that contest which was climaxed by the awards presented by Hal Longley.

As we launch this 20th Congress, it is heart-warming to all enthusiasts of Polled Shorthorns, both new and old, to realize the progress of those years. To realize that Polled Shorthorns are scoring so well in Performance Testing Programs, in herds of both straight and crossbreds and in the pure-bred establishments of the nation.

It is fitting to know that just prior to this 20th anniversary a Polled Shorthorn bull . . Broadway Hallmark . . captured the coveted honor of being selected the Grand Champion over all breeds as sire of more top calves in the Indiana Gold Medal Breeding Program than any other bull. The fine score turned in by Polled Shorthorns and Shorthorns in the nations largest Performance Testing program . . The Kentucky Plan . . with almost 6,000 animals on test . . put the breed out in front of all major beef breeds in every one of the five scoring catagories.

What thrills those early breeders must feel as these things come to light and are carried in the nations press. How fine they must feel to know that their faith was well placed. What lessons we can learn today from their spirit, enthusiasm and courage.

To all Congress consignors this is an anniversary . . but most particular to those consignors at that first Congress . . we all in the Society offer our warm thanks . . and strong congratulations on this . . your 20th Anniversary.
